

# Your recycling box

We are introducing a new recycling service.

For this, you will receive:

- black and red recycling boxes
- green food waste bin
- brown food waste caddy and food waste bags
- red tag to request more bags.

# Your recycling box

Our new recycling and food waste collection services will help you recycle even more at home. Please use these services as much as you can to help us reach our recycling targets, save money and improve the local environment and economy.

Please put the following items in your **Black recycling box**

Paper

Plastic bottles

Plastic pots, tubs and trays

Food and drinks cans

Aerosols

Aluminium foil (in a separate bag)

Cartons

Please put the following items in your **Red recycling box**

Cardboard

Glass bottles and jars

Textiles (in a separate bag)

Batteries (in a separate bag)

Hand tools

If you have extra materials please use overflow bags. Only put one type of material in each bag and do not put glass in overflow bags.

If you need extra or replacement recycling boxes please order online or call us on 0800 032 8100.

Leave your recycling boxes and food waste bin at the front of your property by 7am on your collection day.

You can recycle all raw and cooked food waste in your **Food waste caddy** (except liquids).

All dairy products

Meat and fish (including bones)

Raw and cooked fruit and vegetables

Bread, cakes and pastries

Rice, beans and pasta

Teabags and coffee grounds

Potato and vegetable peelings

Any other leftover food

## How do I use my food caddy?

**1** Line your caddy with a biodegradable bag. (Only use the bags we supply in your food waste caddy)

**2** Fill it with food waste.

**3** When it is full tie the bag tightly and put in your green food waste bin.

If you need more food waste bags:

- Fix your red tag to your green food waste bin on collection day,
- Collect from your local recycling centre, or
- Call us on 0800 032 8100.
